STANDARDS/RECOMMENDATIONS/DIRECTIVES

Regulation (EU) 2013/1257 on ship recycling and amending Regulation (EC) No 1013/2006 and Directive 2009/16/EC

CONFIRMATION

We confirm that the products

AKROMID®, AKROLOY®, AKROTEK®, AKROLEN®, PRECITE®

fulfill the above mentioned directive.

AKRO-PLASTIC does not regularly analyse products for the absence of any of the substances mentioned in the regulation above. However, we do not expect any of the substances to be present in our products exceeding the limits defined in any of the regulations above. This assessment is based on information provided by our suppliers and the internal evaluation of our production processes.

This document expires at the earlier of two years from date of issue or any regulatory change occurring. We kindly ask you to request a new declaration if necessary.

This document was created electronically and is valid without signature.

Kind regards
AKRO-PLASTIC GmbH

i. A.

Specialist Regulatory Affairs

The information is based on our current knowledge and experience. In view of the many factors that may affect processing and application of our product, these data do not relieve processors from carrying out their own investigations and tests. The declaration is not be construed as guaranteeing specific properties of the product or their suitability for a particular application. This declaration replaces all previous ones to this subject. The document is valid two years.
